Innovation

Industrial Grade

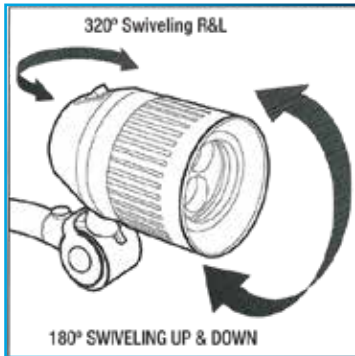

Aven's Industrial Grade LED task lights are ideal for lathes, grinders, presses, assembly, inspection, work-bench, office and many other uses. The LED element offers significant increase in intensity over that of a standard 20 watt halogen bulb, while using close to 70% less energy. The light covers also stays cool to touch and the LEDs have a minimum of 20,000 hours of high-output life. These flexible gooseneck work lights can be adjusted to just the right position for easier examination and inspection of close-up work.

- High intensity energy saving LEDs
- Cool operating temperature
- Exceptionally long LED element life (minimum 20,000 hours)
- Flexible Gooseneck Arm for precise positioning

Part #	Description
26537	Dual Gooseneck LED Task Light with Magnetic Base and 4" Table Clamp
26535	Neo-Light Dual Color LED Task Light with Table Clamp
26536	Neo-Light Dual Color LED Task Light with Table Base
26526	Sirrus Task Light LED w/ Swivel Head, 500mm Flex Arm & Mounting Clamp
26527	Sirrus Task Light LED High Intensity Fixed Focus with 500mm Flex Arm and Mounting Clamp
26528	Sirrus LED Lamp w/ Aluminum Head, 500mm Flex Arm & Mounting Clamp
26200B-221	LED Dual Gooseneck Spotlight Illuminator
26200B-221-GNLED	Replacement Gooseneck for LED Dual Gooseneck Spotlight Illuminator
26200B-221-GNUV	395 NM Ultra Violet Flexible Gooseneck for LED Dual Gooseneck Spotlight Illuminator

Optional Magnetic Base for Sirrus LED task lights 26526, 26527 and 26528. Magnetic base allows for secure yet mobile placement on magnetic surfaces such as metal benches or cabinets.

#26526

SIRRUS LED Task Light w/ Swivel Head, 500mm Flex Arm and Clamp

Dramatically Reduces Power Consumption & Improves Lighting Quality

Our new SIRRUS LED Task Light is designed to provide high efficiency & powerful lighting. It features low power consumption with extra long service life. The SIRRUS LED Task Light integrates many outstanding features, making it popular for many locations such as production machines, assembly stations, offices, inspection areas - anywhere precision work is being performed. The swivel head permits swiveling in any direction or sets securely in a fixed position. Includes metal clamp ideal for workbench mounting.

Features

- 500mm(19.5") industrial grade flexible gooseneck coated arm
- Arm stays set in any position to provide direct light where needed
- High intensity energy saving LEDs
- Cool operating temperature
- Exceptionally long LED element life (minimum 20,000 hours)
- Ideal for assembly, workshop or office applications
- Mounting Clamp allows for easy attachment to desk and bench tops

SIRRUS LED TASK LIGHT W/ SWIVEL HEAD, 500MM(19.5") FLEX ARM & MOUNTING CLAMP

LED COLOR	High intensity white LEDs
LIGHTING CONTROL	On/Off
LED LIFE	Minimum 20,000 hours
LED OUTPUT	3W
OUTPUT VOLTAGE	24V
INPUT VOLTAGE	100-277V
LENGTH OF GOOSENECK ARM	19.5" (500mm)
WEIGHT	5lbs (2.25kg)
PACKAGE CONTENTS	1 ea. SIRRUS Task Light LED w/ Swivel Head, 500mm Flex Arm & Mounting Clamp

#26527

SIRRUS LED Task Light w/ High Intensity Fixed Focus, 500mm Flex Arm and Clamp

Dramatically Reduces Power Consumption & Improves Lighting Quality

Our new SIRRUS LED Task Light is designed to provide high efficiency & powerful lighting. It features low power consumption with extra long service life. The SIRRUS LED Task Light integrates many outstanding features making it popular for many locations such as machines, assembly stations, office & inspection locations and precision working. The soft, even area illumination is ideal for close-up applications that require more than a Focused beam. Output ranges from 4100 lux at 1 foot distance to 1070 lux at 2 feet. The protective switch cover prevents permeation by dust, water, lubricants, coolants, and other liquids. Includes metal clamp ideal for workbench mounting.

Features

- 500mm (19.5") industrial grade flexible gooseneck coated arm
- Arm stays set in any position to provide direct light where needed
- High intensity energy saving LEDs
- Cool operating temperature
- Exceptionally long LED element life (minimum 20,000 hours)
- Ideal for assembly, workshop or office applications
- Mounting Clamp allows for easy attachment to desk and bench tops

SIRRUS LED TASK LIGHT W/ HIGH INTENSITY FIXED FOCUS, 500MM (19.5") FLEX ARM & MOUNTING CLAMP	
LED COLOR	High intensity white LEDs
LIGHTING CONTROL	On/Off
LED LIFE	Minimum 20,000 hours
LED OUTPUT	3W
OUTPUT VOLTAGE	24V
INPUT VOLTAGE	100-277V
LENGTH OF GOOSENECK ARM	19.5" (500mm)
WEIGHT	5lbs (2.25kg)
PACKAGE CONTENTS	1 ea. SIRRUS Task Light LED High Intensity Fixed Focus w/ Flex Arm & Mounting Clamp

#26528

SIRRUS LED Lamp 500mm Flex Arm and Clamp

Get Light Where You Need it Most

The innovative SIRRUS LED Lamp features a flexible arm that allows you to direct light exactly where you want it. The 500mm (19.5") Flex Arm, covered with an insulated sleeve, provides vibration resistance. With its slim aluminum lamp head and one piece fabricated PC front shade, this energy efficient LED lamp provides an elegant modern design ideal for use anywhere including many office applications, assembly workstations, or quality inspection areas. You can regulate the brightness of the LED light with a convenient built-in dimmer switch on the base of the lamp. Includes metal clamp ideal for workbench mounting.

Features

- 500mm(19.5") industrial grade flexible gooseneck coated arm
- Arm stays set in any position to provide direct light where needed
- High intensity energy saving LEDs
- Cool operating temperature
- Exceptionally long LED element life (minimum 20,000 hours)
- Ideal for assembly, workshop or office applications
- Mounting Clamp allows for easy attachment to desk and bench tops

SIRRUS LED LAMP, 500MM(19.5) FLEX ARM & MOUNTING CLAMP

LED COLOR	High intensity white LEDs
LIGHTING CONTROL	On/Off
LED LIFE	Minimum 20,000 hours
LED OUTPUT	3W
OUTPUT VOLTAGE	24V
INPUT VOLTAGE	100-260V
LENGTH OF GOOSENECK ARM	19.5" (500mm)
WEIGHT	5lbs (2.25kg)
PACKAGE CONTENTS	1 ea. SIRRUS Lamp 500mm Flex Arm & Mounting Clamp

#26537

Dual Gooseneck LED Task Light with Magnetic Base and 4" Table Clamp

Innovation Illumination

Aven's Dual Gooseneck LED Task Light is the most versatile work light available. Designed for workshops, machining centers, warehouses, garages, science labs, factories, and home use - this task light can be configured to add crucial illumination for countless applications. Includes a power adapter, a AA battery adapter, and an adapter for a 26650 style lithium ion battery (Batteries Not Included)

Features

- Powerful, long lasting ultra-bright LEDs provide 500lm of flicker and ghost-free illumination
- Two adjustable 17 inch goosenecks provide unlimited positioning options
- On/Off button toggles between the lamps for single-lamp or dual-lamp lighting
- Magnetic bases are ideal for workshops, machining centers, garages, or other environments where metal surfaces are common
- Built-in 4 inch table clamp attaches to most work benches, keeping the device still and secure
- Can be powered 3 ways: With the included power supply, with 3 AA batteries, or with a rechargeable lithium ion battery

DUAL GOOSENECK LED TASK LIGHT WITH MAGNETIC BASE AND TABLE CLAMP

LED COLOR	High intensity white LEDs
LIGHTING CONTROL	On/Off
LED LIFE	Minimum 20,000 hours
COLOR TEMPERATURE	7500-8500K
OUTPUT VOLTAGE	5V
INPUT VOLTAGE	110-240V
LENGTH OF GOOSENECK ARM	17"
WEIGHT	1.9 lbs
PACKAGE CONTENTS	Dual Gooseneck LED Task Light with Magnetic Base and 4" Table Clamp, Power Supply, Lithium-Ion Battery Adapter, AA Battery Adapter

#26200B-221

LED Dual Gooseneck Spotlight Illuminator

Versatile and Flexible Light

Aven's LED Dual Gooseneck Spotlight Illuminator gives users the ability to inspect at any angle and at any working distance. Each flexible gooseneck arm can be swiveled and bent to the desired position, and stays in place. Use one LED illuminator –or both–and control the light intensity of each illuminator as desired. Optional Ultra-Violet Gooseneck Arms available separately.

Features

- 6500K cool light LED illuminator
- Add illumination to difficult to reach areas
- 22-3/8" (568mm/each) long dual gooseneck lights
- Metal Framework Intensity control Box
- Wide band voltage (85-265VAC/50-60Hz) power supply

Optional UV Gooseneck

#26200B-221-GNUV

Ultra violet gooseneck LED attachment for Aven's LED Dual Gooseneck Spotlight Illuminator. Operates at 395nm. View fine details for a variety of applications.

LED DUAL GOOSENECK SPOTLIGHT ILLUMINATOR & ACCESSORIES

26200B-221	LED Dual Gooseneck Spotlight Illuminator
26200B-221-GNLED	Replacement Gooseneck for LED Dual Gooseneck Spotlight Illuminator
26200B-221-GNUV	395 NM Ultra Violet Flexible Gooseneck for LED Dual Gooseneck Spotlight Illuminator

Neo-Light Dual Color LED Task Light with Table Base OR Clamp

Innovative Illumination

Aven's Neo-Light LED Task Lamp offers ultra-bright, even illumination for your work bench. This innovative design features 60 energy-efficient LEDs, with touch-sensitive buttons to control brightness and color temperature. The NEO-Light is equipped with a fully covered, adjustable spring balanced arm designed to be positioned for short and extended reaches. Includes a table clamp with a max 2.5" opening.

Features

- Dual color temperature control provides illumination options
- Adjustable lamp head provides nearly limitless angle options
- Easy brightness/color temperature control with micro-touch buttons

NEO-LIGHT DUAL COLOR LED TASK LIGHT

BRIGHTNESS ADJUSTMENT	Via Touch-sensitive buttons
LUMENS	Max 980 lm
REACH	Approx. 25" w/ Base Approx. 34" w/ Clamp
COLOR TEMPERATURE	3500K-6500K
ILLUMINATION	30 White and 30 Warm LEDs
POWER SUPPLY	Input: 100-240V AC 50~60Hz Output: 20V
ACCESSORIES INCLUDED	Table Clamp, power supply
